

Expected Deliverable/ Results/ Outcomes	Work Package and Outcome ref.nr	2.4.3																											
	Title	TTT workshop in EBP and PTP at BIU, Israel																											
	Type	X Teaching material X Learning material	X Event X Training material																										
	Description	Two TTT sessions, were conducted at BIU, Israel. The first TTT was conducted in Jan 2018, for two days. Total of 19 optometry educators and clinical staff of BIU participated in the sessions, which covered different clinical skills like IDO, tonometry, perimetry; pedagogy techniques. TTT was conducted by faculties from HU and USN. The second TTT covered EBP concepts, conducted by faculties from CUL and USN. The workshop was conducted in 4 day sessions, attended by 27 participants. The aim of these workshop was to increase competencies of participants in their clinical skills which will enable them better to teach or practice. Inclusion of EBP in optometry curriculum/ teaching, Clinical skills teaching and assessments in terms of Rubrics and faculty competencies were the outcomes of these workshops. The feedback was taken from the participants of the workshop. A separate day long workshop for training of practicing optometrist was conducted in Sept 2019, reports of which are given in WP 2.4.8																											
	Dates of workshop	24.01.2018 and 13.06.2018																											
	Languages	English, Hebrew																											
Target groups	X Teaching staff X Trainees X Other- practicing optometrist participating in national conference.																												
Dissemination level	X Department / Faculty Institution X Local
