	Description	Two TTT workshops were conducted in Jan 18. Total of 33 educators and clinical staff actively participated in these events. First PTP TTT workshop conducted by CUL faculty covered aspects of retina diagnostics and pedagogy- case based learning, attended by 20 faculties of optometry. The workshop resulted in finalising curriculum in terms of knowledge and skills for retina diagnostics and subsequently developing six cases for the same. Aspects of clinical skill examination were also covered by educational experts from MAHE in this workshop. Second workshop exclusively was organised for optometry teaching staff and research scholars of UOH, which covered advanced concepts in EBP. attended by 13 members of teaching and research staff. This workshops was conducted by CUL faculty. The aim of this workshop was to increase competencies of participants in their teaching skills using principles of EBP. Feedback was taken from faculties who participated in these workshop.
